[ICChESA 2017] Editorial Decision on Paper

11

**Yunardi Yunardi** <conference@unsyiah.ac.id>

to me

Attn: Novi Sylvia

Dear Authors,

It is with high confidence to inform you that your paper entitled:

"Adsorption Performance of fixed-bed column for the removal of Fe (II) in groundwater using palm kernel shells" has been accepted for presentation at the 3rd ICChESA 2017 and considered for publication in IOP Conf. Series: Material Science and Engineering. Your paper is believed to provide significant contribution to the conference, therefore we are looking forward to having the presentation of your paper at the conference. However, some revisions of your paper are required in order to improve the quality of the paper to meet the standard set up by IOP Conf. Series. Apart from the reviewer's comments on your paper, I would like to request your attention on the followings:

1. The language or English presentation of your manuscript is relatively poor and needs to be improved, as it is still below the standard set up by IOP. So many grammatical and spelling errors as well bad sentence structures are found throughout the paper. the Editor just roughly check your paper and pointed out so many grammatical and spelling errors as well as unclear sentences.
2. The paper is not prepared in accordance with IOP format. Please see the reviewer's comments regarding this issue
3. Your introduction in the paper should be more elaborate to compare with other similar studies and supported by journal papers published in the last 10 years.
4. References written other than English, have to be translated into English followed by (in Indonesian).

to Faisal, Rinaldi, Joni, Maria, raudah, sri, Abdul, I, Aiman, Siti, Agasta, azwar, wusnah, MOHAMMAD, sri, teuku, Aula, madi2366, FARID, farid.mulana, Si

Dear Authors,

First of all, on behalf of the Organizing Committee, I would like to express my deep gratitude to you all for your full participation in the conference. At this moment, we are on the stage of preparation of the proceeding to be submitted to the IOP. We fully understood that this process needs time and efforts from both sides, the organizing committee, and authors. Unfortunately, up today, we still have not yet received the revised version from some authors. We thank you very much to those who already submitted their final version. Therefore, we would like to request the cooperation to those who have not yet submitted the revised version to do so no later than November 15, 2017. In case we dont receive the revised version of your revised version, we judge that you are not interested in submitting your paper to IOP Proceeding. For those who have already submitted the revised version, please ignore this request.

If those who have already submitted the revised version and want to modify or improve the paper, you may do so as well with condition that you will submit it not later than November 15, 2017.

While looking forward to receiving the final version of your paper, I highly appreciate for your kind attention and cooperation.

kind regards

Dear friends and colleagues,

I believe and trust this email finds you well. With all your supports and cooperation, starting from paper submission, the seminar, revisions and further revisions requested by IOP, they are paid off by the online publication of your paper by IOP today. You may check the 3rd ICChESA 2017 your paper through <http://iopscience.iop.org/issue/1757-899X/334/1>

The online publication of the 3rd ICChESA papers in IOP indicates the termination of my responsibility of the Chairman of the 3rd ICChESA 2017. On behalf of the organizing committee and the Department of Chemical Engineering, Syiah Kuala University, I would like to express my deep gratitude and appreciation for the supports from co-organizing partners, reviewers, authors and presenters, sponsors, and volunteers who made this conference a success.

Although this would be my last email regarding the conference, I will always be available in case you need me for any help. Just let me know by any means such as email or Whatapps, I will do my best to cooperate in any way I can. In case your institution host a conference, please let me know and I will be more than happy to promote to my colleagues and counterparts.

I wish you a great success in your academic career and personal life.
